## Welcome to Tehachapi

The Greater Tehachapi Chamber of Commerce welcomes you to Tehachapi! The beautiful Tehachapi Valley is an oasis located in the mountains between the San Joaquin Valley and the Mojave Desert, offering a cool haven from the arid desert heat and the sprawling lowlands of the valley. Featuring sparkling blue skies that turn into star filled nights with unending depth, the beauty of Tehachapi is seen in every setting. The diversity of the area offers something for everyone, small town neighborhoods, mountains filled with oak and pine trees sheltering the most rustic to the most luxurious homes, sprawling ranches and everything in between, all beautifully displayed in the

splendor of four wonderfully distinct seasons.

Whether you are here to enjoy one of our fun-filled festivals or you are thinking of relocating to Tehachapi, you will find our community to be warm and friendly. This Business Referral Directory will acquaint you with our community and within these pages you will find information to make your stay with us more enjoyable.

# Mission Statement

The mission of the Greater Tehachapi Chamber of Commerce is to advance the prosperity of our members through community leadership, member opportunities and advocacy.

## Dear Chamber Members and Friends,

Welcome to the 2021/2022 edition of the Greater Tehachapi Chamber of Commerce Business Referral Guide. This directory is intended to be one of the many useful tools and resources provided by the Chamber to its members. It is with hope that this guide will be beneficial not only to our members but also to all of those who received a copy in our relocation packets. With this directory we will provide information to people outside our great city of Tehachapi, and it will allow them to know who to contact for services in our community.

With the many challenges all businesses have faced this past year, with this directory we intend to provide as much information and support to all our members as possible. This business guide will serve as a tool to help our members with services such as informative luncheons, our annual fall business showcase, etc. We believe that your business will definitely benefit by your involvement in the chamber. We are here to support our members and our community as much as possible. If you have any ideas on how we can better serve you, please stop by the Chamber office or call/ email me. I will gladly listen to all your concerns and ideas.

I would like to thank our members who have purchased advertising in this business guide. I truly hope that your involvement will lead to greater prosperity and value to your business. Thank you to those who picked up a directory to promote a local business or event; our community depends on your support. If you are interested in becoming a member, please let us know how we can help you be successful and thrive in our community.

On behalf of the Board of Directors and our Chamber staff, thank you for your continued support of YOUR Chamber of Commerce. I am positive together we will make this year remarkably successful..

*Sincerely,  
Liz Trejo  
Chairperson of the Board*

## Dear Valued Chamber Members and Friends,

Welcome to the 2021/2022 Greater Tehachapi Chamber of Commerce Business Referral Guide. Each year we strive to improve the quality and content of this publication. Membership value is one of our top priorities and this Guide is just one of those examples.

During 2020 our business community and the Chamber faced many challenges. The Chamber works diligently to support and promote our membership through our services such as this directory, our website [www.tehachapi.com](http://www.tehachapi.com), monthly networking luncheons, workshops, our Fall Business Showcase and social media platforms.

This guide will provide you with a wealth of information about our community and its services that highlight both business opportunities and the beautiful lifestyle our community has to offer.

Your Board of Directors are dedicated business leaders who are actively working together to accomplish the mission of the Greater Tehachapi Chamber of Commerce, which is to advance the prosperity of our members through community leadership, member opportunities and advocacy.

Please support the businesses in this Guide. They have graciously given their time and financial support to make Tehachapi a community, which we can all be proud to call home.

The Greater Tehachapi Chamber of Commerce hopes you will take advantage of the many services we offer to support your business. If you need assistance, please contact the Chamber office. This is YOUR Chamber, and we work for you!

*Sincerely,  
GREATER TEHACHAPI CHAMBER OF COMMERCE  
Ida Perkins  
President*

# 2021 Chairman Circle Members

Chairman's Circle members enjoy the convenience of a one-time all-inclusive transaction that insures representation at Chamber events, its publications and on the Chamber's website. This is a wonderful way to plan your

budget each year. The Chairman's Circle will not only let you plan for your sponsorships of annual events, but will also avoid those many calls individuals receive to gather support of the Chamber's many great events.

- Advertise in the Chamber newsletter and get your message out in over 800 newsletters and on the Chamber website.
- Utilize the Chamber newsletter "Hot Spots" letting other businesses know of your goods and services.
- Advertising opportunities in the Chamber's Business Referral Directory.
- Low-cost website advertising

## We Keep You Educated and Informed

**5**

- The latest information on employment issues, business management and skills development during monthly scheduled workshops, seminars and conferences.
- Newsletter emailed to you each month that provides you with regular Chamber business updates, information on new and existing businesses and our community calendar.

## Directory & Specialty Guide Listings

**6**

- Free listing in our Business Referral Directory which is distributed not only to our members, but sent with all visitor and relocation inquiries. Displayed at local hotels, real estate offices and other visitor locations..
- Free business listing on our website that allows the public, as well as other businesses, access to your company's information.

## Access to Membership Database

**7**

- Utilizing the Chamber's website, and/or purchasing a mailing list or labels, you can contact other members for direct marketing of your products and services.
- Business Referral Directory - find information on direct contact for a particular business.

## Member Advocacy

**8**

- Member of the California Chamber of Commerce, Kern County and Antelope Valley Board of Trade.
- Representation at local and county meetings and business conferences.
- Taking a stand on issues that impact local business and economic development.
- Working to promote the projects that benefit you, your business and our community.

# Citizen and Business of the Year

Each year an individual is recognized that has most contributed to the betterment of Tehachapi. This year marks the 30th year of the Citizen of the Year project. It is co-sponsored by The Greater Tehachapi Chamber Commerce and the Tehachapi News.

**Milo & Layla Lujan** were the recipients of this honor for 2021. Previous Citizens of the Year include: Carl Gehricke, Linda Carhart, Mary Beth Garrison, James & Cheryl Wilson, Joel Beckman, Dorothy Morris, Tammy Wallace, Ed Grimes, Mary Ann Hester, Sam and Betsy Conklin, Roger Davis, George and Anne Marie Novinger, Richard Henry, Jon Hammond, Charles White, Pat Gracey, Ted Velguth, Nancy Grecian, Paul Benz, Ed Sampson, Marilyn McDonald, Joan Siglin, Lige Morris, Tony Anthony, Jerome Warner, Eva Sanchez, Margaret Thomas, Eve Geisler, Virginia Womack, Don Miller, Del Troy, Karl Backes, Lynne Small, Chuck McCollough and Jo Anne Huckins.

Two local businesses were recognized for their contributions to the community through their volunteer efforts, continuous involvement and support of charitable organizations and improvement of the economic climate.

**South Street Digital** was named the 2021 Small Business of the Year and **Adventist Health Tehachapi Valley**, the 2021 Large Business of the Year.

Recipients of these awards were honored at the Greater Tehachapi Chamber of Commerce Annual Installation and Recognition Gala. Presentations were made by Congressman Kevin McCarthy's office, Senator Shannon Grove, Assemblymember Vince Fong, Supervisor Zack Scrivner, Mayor Phil Smith, the Greater Tehachapi Chamber of Commerce and the Tehachapi News.

# History of Tehachapi

**T**he Tehachapi community (Greater Tehachapi) is a mountain valley district including 50,000 acres of level land, embracing the Tehachapi, Brite, Cummings and Bear valleys, all with altitudes near 4,000 feet.

The first known people to occupy the Tehachapi area were the American Indians known as the Kawaiisu (or, as they called themselves, Nu-oo-ah, meaning the People.)

The first permanent white settlers were John Moore and Amanda Brite, who came to the Tehachapi Valley in the fall of 1854 from Texas and three years later moved to Brite Valley, which bears their name.

Other settlers like Grant P. Cuddeback, George Cummings and William C. Wiggins soon arrived on the scene and began raising cattle, hay and grain. They also developed a lumber trade.

Miners such as Peter D. Greene and John Hendrickson drifted into the Tehachapis and did some gold mining, but the real "gold" was found in the limestone deposits of the area. Kilns were soon built to burn the lime.

A small community known as Williamsburg sprung up in the area of the present Golden Hills in the 1860s. For a time this community was also known as Tehichipa. Another town site was established by P.D. Greene. This second site was known as Greenwich and was located several miles east of Williamsburg/Tehichipa. In 1876, the Southern Pacific Railroad came to the Tehachapi Valley and laid out its own town site named Tehachapi. Eventually, the businesses and people moved to Tehachapi and the former communities faded away.

The railroad engineers needed a long, level region at the top of the climb suitable for switching engines and rail cars. Such land was available at and near the Tehachapi site, and the summit about two miles east of the depot. The famed Tehachapi Loop made it possible for the trains to climb from the San Joaquin Valley and proceed through Tehachapi to Mojave, Los

Angeles, Barstow and other eastern destinations.

Much of the soil in the local valleys is a rich, decomposed granite and vegetable silt, deep and wonderfully productive. Old publications describe Tehachapi as "A location par excellence for the fruit grower." Orchard production and agriculture began to flourish and the cement industry became a vital economic asset of the new community. These operations still continue. In addition, the persistent winds through the Tehachapi Pass have enabled nearby wind farms to become one of the world's leading producers of electrical power from wind energy.

In 1909, the Tehachapi settlement was incorporated, and the town of Tehachapi was legally established. An act of the state legislature changed the town's official name to City of Tehachapi in 1946.

In 1932, the first state women's prison was built in Cummings Valley. A 7.7 earthquake in 1952 did major damage to the city, including the prison. The inmates were moved to Frontera. In 1953, the state repaired the facility and made it a branch of the California Institution for Men at Chino. In the mid-1960s, a new medium security facility was built in Tehachapi. In the mid-1980s two maximum security prisons were constructed. In 1998, the prison, now known as the California Correctional Institution (CCI), was annexed into the city. CCI is currently the largest employer in the region, with almost 1,700 persons on its payroll.

The building of Highways 58 and 14 placed Tehachapi within a one-hour commute of Bakersfield, Lancaster and Edwards Air Force Base. Because of a favorable climate, many working in these and other areas wished to live near Tehachapi. This led to the development of the nearby communities of Golden Hills, Bear Valley Springs, Stallion Springs and Sand Canyon. Today, when one says Greater Tehachapi, it includes all these additional communities and many more county residents as well.

# The Tehachapi Heritage League Museum

The Tehachapi area has an extraordinarily rich past that spans the story of the American West from pre-history, Native American culture, early exploration by mountain men, padres, the Spanish ranchers and cowboys, through mining, railroading, farming, ranching, early aviation, wind energy and more, including the historic California Gold Rush. The Tehachapi Museum tells Tehachapi's wonderful stories. Old-timers and newcomers alike come to hear, see, and touch the stories that make a community unique, stories that enrich people with the knowledge, humor and grit that created this community and inform its future.

The oldest house in town, the Errea House Museum, is located across the street at 311 S. Green Street. It is named for a Spanish Basque family who lived there for over 70 years. It is open during regular museum hours as a house museum showing a working class family's way of life, circa 1900 to 1930.

A brochure for a Walking Tour of historic buildings and homes is available at the Chamber as well as the Museum. The 1 to 1½ hour walking tour lets you see up close the small town charm of Tehachapi and passes by small downtown businesses where you can stop for refreshments or to shop with small town merchants.

The newly renovated Tehachapi Museum is chock-full of items that will spark the imagination. You will find the femur of a mammoth (from the Ice Age), opium tins (from the railroad construction camps of the 1870s), a textile gallery that features clothing and household items, fossilized sharks teeth and a recreated blacksmith shop, complete with a one-horse drawn buggy. Photos show the devastation of one of the most powerful earthquakes in U.S. history, which virtually destroyed Tehachapi. You will see the actual mercantile store clock on display, that stopped at the exact time of the 1952 quake and that's

probably as close as you'll want to get to that piece of our history. Photos show herds of sheep and cattle on Curry Street, being driven to the railroad stockyards.

In a new addition to the Museum, the Mark and Jessie Milano Gallery houses an informative exhibition that showcases the history and culture of the Kawaiisu tribe, the Native Americans who inhabited this area for thousands of years before the coming of the white settlers and explorers.

There are changing artifacts and photos exhibited on a regular basis, and always something different to see. Organizations and tour groups are welcome; please

call if you wish a special tour outside regular operating hours. In addition, special tours can be arranged for any age school group.

Tehachapi was settled by Euro-Americans in the 1850s – not that long ago historically speaking. The past 150 years of history has brought tremendous change here in this remarkable inland island situated between the Mojave Desert and the San Joaquin Valley “breadbasket of the nation.”

We are located at 310 S. Green Street, just a block south of the Hitching Post Theater, and we are open from 12 to 4 p.m., Friday, Saturday and Sunday, on special occasions and by appointment. Visit this showplace for historic downtown Tehachapi, along with the Errea House Museum and the railroad museum on Tehachapi Boulevard at the 1904 Tehachapi Railroad Depot, for a peek into the past.

The Heritage League and Museum operate on memberships and donations. For more information on any of our programs, please leave a message at (661) 822-8152.

## Some historical facts about Tehachapi

- Was the first settlement to celebrate the Fourth of July in Kern County
- Was at the confluence of five rivers, millions of years ago
- Is the location of five major global air currents
- Has been the training grounds for many pilots and astronauts
- Was an important meeting place (maybe 3,000 years ago) for Native American tribes of the southwest
- Is rich in fossil and calcium/limestone deposits
- Is home to many astronauts, test pilots and aviation and space enthusiasts
- Has one of only two state parks dedicated to Native American culture
- Was the birthplace of the wind energy industry in the U.S.
- Owes its existence to the world famous Tehachapi Loop

## The Historic Errea House

The charming Errea House Museum, at 311 S. Green Street, is the oldest house in Tehachapi. Listed on the National Register of Historic Places, it takes its name from the Errea family, whose Basque immigrants and descendants lived in the house for many decades. The Errea House was constructed in the 1870s in the original town site of Williamsburg or Tehichipa, in the Old Town area. It was moved to its present location on log rollers around 1900, after the railroad chose a route through what is the current city of Tehachapi.

The Tehachapi Heritage League purchased the Errea House in 1999 and has since worked to raise funds for its renovation. A new roof, repairs to the foundation and porch, air conditioning and heat, rewiring and a newly refurbished kitchen was completed as part of the renovations. The 1920s kitchen has just been

refurbished with linoleum, wood wainscoting and reproduction wallpaper. It contains many vintage items from local donors and cabinets from a local farmhouse.

Additional improvements have been made recently in the parlour and the bedrooms. The Errea House is currently open during regular museum hours and for special occasions. Tehachapi's only public garden, the old - fashioned 1900-era Errea Garden is also open to the public during daylight hours.

The restored Errea House is a window to the past, depicting the lifestyle of a workingclass family living in Tehachapi during the 1900s to the early 1930s. In addition to the ongoing renovations, which take place as funds become available, the Heritage League also accepts donations of clothing and furnishings to be used to furnish the Errea House as a Historical House Museum.

# The Tehachapi Depot Railroad Museum & Collection

**R**ebuilt in 1904 by the Southern Pacific Railroad, the Depot is a standard Southern Pacific Railroad design known as Plan No. 23. Only six depots are left and the Tehachapi Depot is the only one still situated at its original building site. It is also one of the few buildings that remained standing after the 1952 Tehachapi earthquake. The Depot is listed in the National Register of Historic Places.

The Union Pacific Railroad handed keys of the Depot to the City of Tehachapi in 2005. Work began soon thereafter to restore the building to its original condition. On June 13, 2008, with restoration work very nearly complete, tragedy struck and the Depot was completely destroyed by fire.

In June 2008, the Tehachapi City Council announced their decision to rebuild. The original floor plans were used to ensure that the new Depot matched the original. Construction was completed in November 2009 and includes a new viewing platform on the north side of the building adjacent to the train tracks. A special feature of the parkstyle landscaping is the Railroad Signal Garden where the Stokoe Railroad Signal Collection is displayed. The signals have been lovingly restored by volunteers of the Friends of the Tehachapi Depot.

The Museum houses several large collections of historic

railroad artifacts, including antique railroad maintenance equipment and tools, dinnerware, signs and other railroadiana, plus stories and photographs of the men and women who built the railroad and whose lives were affected by it.

The Museum also contains a gift shop with souvenirs, books and memorabilia.

## Telling The Story

The coming of the railroads changed the entire world overnight. At the time that the railroads first came into public use in the early 1800's, horseback was the fastest means of personal transportation, and the only way to move heavy items was by ship or slow moving ox-cart. A trip that had previously taken months on uncomfortable and rutty roads now took just days on smooth twin bands of iron, an order of magnitude increase in speed and efficiency. In addition, the railroads fostered numerous innovations that still impact our lives directly. Far from just a collection of artifacts, the Tehachapi Depot Railroad Museum showcases the impact of the railroad on local history and tells the story of those who built and maintained the road. From the hard working Chinese immigrant laborers who helped construct the tunnels and the loop, to the track men, switch men and maintenance workers that kept the line in good order for the

PHOTO BY NICK SMIRNOFF

PHOTO BY NICK SMIRNOFF

dedicated engineers and firemen, the story of the railroad is vast and touches all walks of life.

In the Depot, you will encounter the romance of the rail as it was during the golden age of travel and see how it has remained a vital part of our modern society as part of a supply chain that extends around the world.

See a time line of significant events, stories from railroad employees, historic photos, personal artifacts, engineering innovations, models and more. Learn about the histories of people who came with the railroad. Touch and experience history at the Tehachapi Depot Railroad Museum.

# The Tehachapi Loop

The railroad was built over Tehachapi Pass from Caliente to Mojave in 1876 and is considered an outstanding engineering feat. The track climbs 3,600 feet in 50 track miles from Bakersfield to Tehachapi using "S" curves back and forth up the Tehachapi Creek watershed. At one point just above Keene, the engineer, William Hood, built a large continuous curve which brought the track back over itself and has become known as the Tehachapi Loop. This engineering marvel has become famous among rail fans from all over the world. In 1998, the entire Tehachapi Pass Rail Line was honored by the American Society of Civil Engineers as a National Civil Engineering Historic Landmark because it has been in continuous use for more than 120 years with little or no modification. The best viewing locations are along Woodford-Tehachapi Road either southeast from Keene or northwest of Old Towne Tehachapi.

# Tehachapi Mountain Festival® and PRCA Rodeo

The Annual Tehachapi Mountain Festival® & PRCA Rodeo takes place the 3rd weekend in August. The Mountain Festival is a community event sponsored by the Greater Tehachapi Chamber of Commerce and includes fun for the entire family. This well-known festival is the largest festival in Tehachapi, drawing over 35,000 visitors.

An Arts and Crafts show, featuring over 100 vendors as well as Food, Entertainment, Carnival, Saturday Night Dance, Mountain Festival Parade, Car Show, PRCA Rodeo, Pancake Breakfast and much more.

Events are held at Philip Marx Central Park and the Rodeo Grounds. For more information call the Greater Tehachapi Chamber of Commerce (661) 822-4180 or visit our website at [www.tehachapimountainfestival.com](http://www.tehachapimountainfestival.com)

# East Kern County Renewable Energy

## A World Marvel

In 1981, wind was discovered, and the Tehachapi-Mojave Wind Resource Area was born. Today, Kern County's wind energy resource area is considered the "Wind Capital of the West," with over 4,581 wind turbines.

It's unique East-West position across the base of the Coast Range and Sierra Nevada's makes the Tehachapi Mountain Pass a funnel for the prevailing winds of California's San Joaquin Valley. The 4000-foot rise in elevation and thermal conditions of the Mojave Desert further intensify the areas world famous wind resource. Tehachapi's wind is inexhaustible, free and clean. Today, approximately, 500 people are directly employed by the wind industry. Another 1,500-2,200 are indirect or induced employment.

Local wind farms developed and pioneered the technology for economically efficient wind energy generation and that same creative, technical approach, is now home to over 17,000 megawatts of installed capacity of wind and solar energy generation, making Kern County, a leader in renewable energy development.

The pass has gone through a massive transformation with the construction of SCE's Tehachapi Renewable Energy Project (TRTP). This state initiative to upgrade the transmission out of

Tehachapi began in 2008 and the TRTP was finally completed and energized in 2016. This has opened the door to further regional wind power, as well as solar development and multiple projects are expected to be installed to utilize that transmission capacity. The TRTP was the largest transmission project in the world developed for the sole purpose of transporting renewable energy!

This transmission line is promoting a green energy revolution for Kern County. Allowing Kern County to continue as a leader in the renewable energy industry, with over \$60 billion in capital investment. Kern County policymakers and Planners are committed to the environment, sustainability, and the quality of life and implemented a goal to provide 10,000 megawatts or 10 GW of renewable energy power by 2015, today, Kern County has over 17,000 megawatts of Utility Scale Wind, Solar and Distributed Generation. And becoming a leader with over 6,500 MWh of battery storage.

Southern California Edison (SCE) is working to deliver 100% carbon-free energy to customers by 2045, in accordance with California law. In 2019, 35% of SCE's total delivered power came from renewable resources eligible under California's Renewables Portfolio

Standards requirements. Other major utilities have PPA's in the Kern County renewable energy industry such as, San Diego Gas and Electric, PG&E and numerous municipalities.

Kern County is also home to some of the world's best solar plants, as the Mojave Desert receives up to twice the sunlight received in other regions of the country. This abundance of solar energy makes solar power plants a cleaner alternative to traditional power plants. Solar power provides an environmentally benign source of energy, produces virtually no emissions, and consumes no fuel other than sunlight.

For more information, please contact the Greater Tehachapi Chamber of Commerce at (661) 822-4180.

# Mural District

## Tehachapi's Unique History

The murals are meant to beautify the downtown area, showcase the history of the area for local residents, and serve as a historical guide for visitors to Tehachapi. The Murals Committee made a commitment early on to produce only first quality murals, and Tehachapi now has a well respected murals program.

One mural features a street dance held in 1915 when the first electric streetlights were installed in Tehachapi. Phil Slagter, another well known mural artist used original photos from 1915 to design and paint the mural. Faces of current local residents, and those from the history of Tehachapi were incorporated into the scene. At the time, Slagter lived nearby, in Canyon Country, but has since moved to Montana.

Tehachapi was fortunate to have Visalia artist Colleen Mitchell-Veyna to paint "People of the Mountains," depicting Tehachapi's Native American Nuooah or Kawaiisu tribe. It incorporates a village scene from before contact with the white man and portraits around the perimeter show more recent members and elders of the tribe, as well as the type of baskets for which the local Indians were known.

At The Shed Restaurant, the T-Hacha-P mural was designed by master artist Art Mortimer, who sketched the mural on the wall to scale and mixed all the paints. Then 15 local artists did the actual painting in one day, starting at 8 am and continuing until 5 pm. At that time, the scaffolding was whisked away, the area cleaned up, and a dedication was held.

Local artist Lyn Bennett designed and painted the Blacksmith Shop mural, taken from an actual photograph of a circa 1900

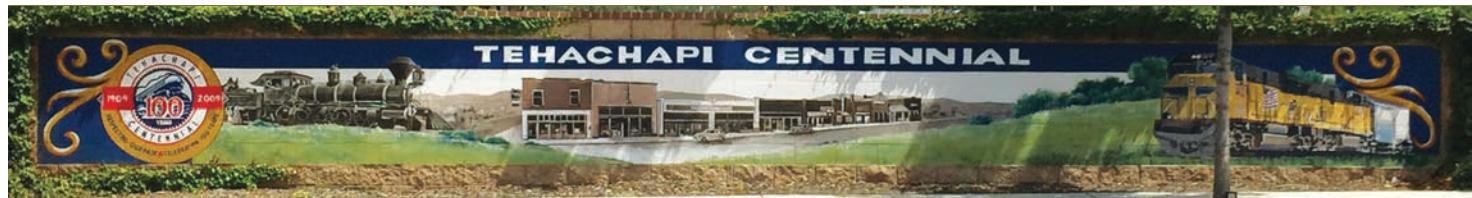

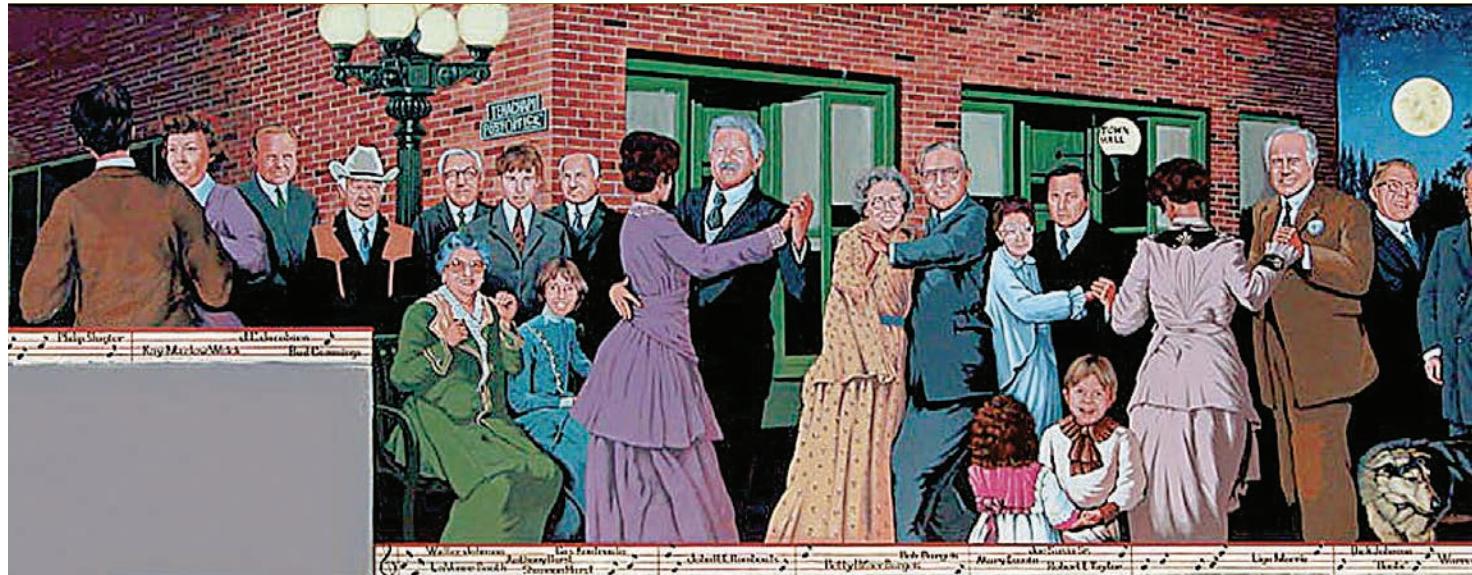

blacksmith shop, located directly across the street. She was assisted by Brenda Anderline.

The Avelino Martinez mural depicts this legendary Tehachapi resident who worked as a groom for the notorious Joaquin Murrieta horse gangs that rounded up stray horses and other livestock to take back to Mexico. Martinez settled in Cummings Valley and lived to be 113 to 115 years old, according to various accounts. It was painted by Patti Doolittle.

A mural commemorating the first Air Mail flight from Tehachapi to Bakersfield on May 19, 1938 was painted by Tehachapi artist Mark Pestana at the Green Street site of the Tehachapi Post Office, circa1953 to 1962. It incorporates a cast relief of a proud American eagle, part of the façade, when built in 1953.

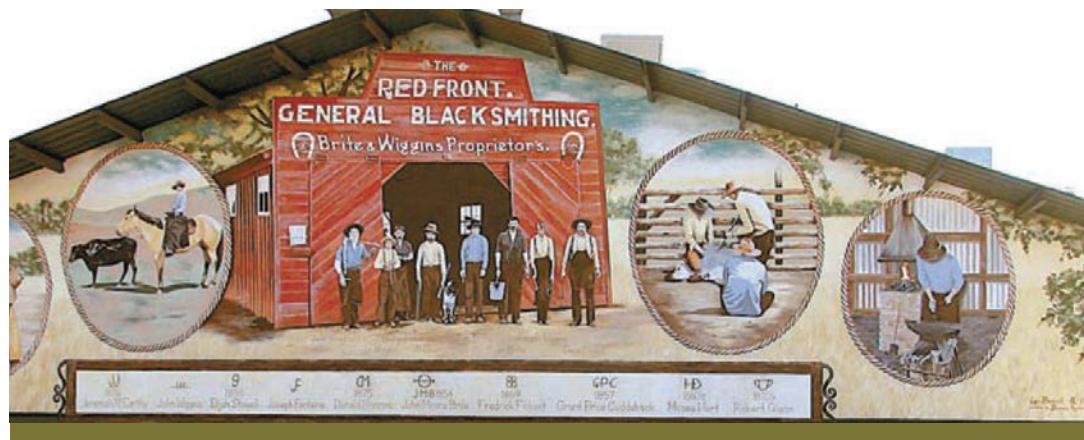

In 2008 a mural saluting the 100th anniversary of the township of Monolith and the cement plant that gave it its name was completed. The mural depicts the importance of Monolith to the people of Tehachapi. This mural was made possible by a grant from Lehigh Southwest Heidelberg, current owners and operators of the cement plant.

To commemorate the 2009 Centennial of the 1909 incorporation of the town of Tehachapi, a three-panel mural on Tehachapi Boulevard was painted. Other grants, fundraisers, and donations from the building owners, as well as the community, have provided additional funding.

The newest mural was dedicated on July 30, 2011. It is on the south side of the Beekay Theatre, adjacent to Centennial Plaza in Downtown Tehachapi, and appears to be a line of people in line to buy tickets.

The mural celebrates the history of the building, which was originally built by Frank Baumgart and Lou Kanstein, owners of the

Beekay. Mural artist Colleen Mitchell-Veyna painted the mural with the people in line depicted in clothing typical of the 1940s.

# Tomo-Kahni State Historic Park

PHOTO BY NICK SMIRNOFF

PHOTO BY NICK SMIRNOFF

TEHACHAPI NEWS

**N**estled atop a ridge in the Tehachapi Mountains, overlooking Sand Canyon to the east and the Tehachapi valley to the west, Tomo-Kahni, or "Winter Village," was the site of a Kawaiisu (Nuooah) Village. The location was likely chosen for its moderate temperature and plentiful resources. The Kawaiisu migrated from the Great Basin and made the Tehachapi Mountains their home for two to three thousand years. The Kawaiisu are noted for their finely woven baskets of intricate and colorful design.

Due to the extremely sensitive nature of the site, Tomo-Kahni is available to the public by tour only. These tours are lead by trained State Park docents on weekends during the spring and fall months. Tours meet at 8:30 a.m. at the Tehachapi Museum at 310 S. Green Street in Tehachapi.

The moderately strenuous walking tour takes between two to three hours to complete. The overall tour, including orientation and return to the Resource Center, takes about 4 to 5 hours.

As Tomo-Kahni is at an elevation of over 4,000 feet, the weather is variable, so layered clothing is recommended. Water, good walking shoes and sun protection are also necessary.

There is a nominal fee for adults and children. Reservations in advance are required to assure a place on the date chosen.

Call or email for tour dates and availability. Tours fill quickly; reservations are highly recommended. Reservations/Info (661) 946-6092, [mojave@parks.ca.gov](mailto:mojave@parks.ca.gov) or [www.parks.ca.gov](http://www.parks.ca.gov)

PHOTO BY NICK SMIRNOFF

# The City of Tehachapi

From the outset of COVID-19 in early 2020, the City of Tehachapi focused immediately on sustainability for business and recovery. Our business guides, resource books, conversations and attitude were centered around recovering, no matter how long the pandemic lasted. It was a mindset that paid off.

While there were some casualties in our small business community most of those were met with new opportunities and new ventures as our businesses not only survived but thrived. We opened seven new restaurants during the pandemic and a handful of other small businesses while also attracting new construction projects like Panda Express and TownePlace Suites by Marriott.

We were able to get creative with pandemic guidelines allowing for outdoor dining, provided our own public eating spaces and helped aid the recovery with our highly successful

'Small Business Loyalty Program' that generated nearly \$60,000 in purchases from small businesses and generated return foot traffic to our local eateries thanks to the gift cards provided to participants. We worked to retrain the way people shop in a real tangible manner as it paid off with the wildly successful program.

So, as we move past that challenging portion of our history Tehachapi continues to attract visitors, tourists, special events, small and large businesses, and residential development. We spent much of the pandemic dealing with development

## Community

The image features the official logo of the City of Tehachapi, which includes a stylized mountain icon and the text "CITY OF TEHACHAPI CALIFORNIA". Below the logo is the slogan "Stay informed. Stay connected." followed by icons for various social media platforms: Facebook, Instagram, Twitter, YouTube, SoundCloud, nixle, and Nextdoor. At the bottom, there is a photograph of the Tehachapi City Hall building, a tan-colored structure with a tiled roof and arched windows, with the words "City Hall" written on its facade.

PHOTO BY NICK SMIRNOFF

the loyalty of their local customers and Tehachapi's diverse offerings that still attracted

requests, processing new housing requests, new business builds and we continue to operate in that fashion today as the work has not stopped.

One can clearly see that we have recovered, maybe not completely as some things will take more time to get back to normal but overall, we are back in stride. The pandemic taught us a lot about our region, about our City, our determination, the grit of our business owners, the loyalty of their local

visitors when much of the world was shut down.

We learned that mindset made all the difference, and that simply surviving the challenges that were in front of us would not be enough, we needed to be in a stronger position than we were beforehand. I can honestly say we are there. Thanks to the leadership of the Tehachapi City Council, the trust of the residents and the work of staff the City of Tehachapi successfully positioned us to be better than before.

Of course, we will continue to deal with challenges and new wrinkles brought on by the State of California and the fallout from the weird year that was 2020. But we all proved that together we are a dominant force in our region.

Thank you to all the business owners who weathered the storm and continued to provide value to our community. We are very excited about what the future holds as we get back to our lives. Welcome back Tehachapi, we have in fact recovered and we are encouraged to be stronger than ever.

# Tehachapi Communities

## BEAR VALLEY SPRINGS

Bear Valley Springs is a truly unique place to live. Bear Valley Springs offers an atmosphere that harks back to an earlier, gentler time, when life was cleaner, simpler and more peaceful. It is a wonderful place to live and to raise your family.

Bear Valley Springs is nestled at the base of the Sierra Mountains, so it is like having your own National Park right outside your door. Nearly 27,000 acres in size, this mountain-ringed community of less than 3700 residential lots encompasses a broad grassland valley, upland meadows, and hills studded with majestic oaks.

The Bear Valley Springs Association (BVSA) is a California non-profit corporation, managed by a Board of Directors, elected by the members. Lot owners and condominium owners are members and pay an annual assessment to the Association. The Association leases, operates, and regulates the use of the Equestrian Center, Recreation Center, Community Center, Golf Course Center, Park Areas, Restaurants and other amenities. Use of the amenities and common areas is governed by the Association's rules and Covenants and Restrictions. Bear Valley Springs is a private gated community only accessible by its members and guests.

The appearance of Bear Valley Springs is overseen by the Environmental Control Committee (ECC). The ECC consists of 3 members appointed by the Association Board to oversee

and regulate the visual appearance of Bear Valley Springs, including floor plans, exterior material and colors, location of improvements, drainage, sewage facilities and landscaping, on both private property and the common areas. Use of the common areas is overseen and controlled by the Bear Valley Community Services District, which owns all of the amenities and common areas. This master-planned, gated community, with a population of about 7,500 residents offers an abundance of leisure time facilities as follows:

### Swimming Pool

The pool is open from Memorial Day weekend to Labor Day weekend. Located at 29500 Lower Valley Road, we have an 80' X 40' outdoor swimming pool ranging from 3 1/2 ft.-12 ft. Children under the age of 12 must be accompanied by an adult. We have men and women locker rooms and showers. During pool season there are many activities, including swim lessons, water aerobics, lap swim, and many others. Call for more information 821-5521.

### Golf Course Center

BVSA has a beautiful 9 hole, par 36 golf course designed by golf course architect, Ted Robinson. The Pro Shop has all your golf accessories at your fingertips. The center is located at 29541 Rolling Oaks Drive. The snack bar, also known as the "Mulligan Room", is open for breakfast and lunch.

PHOTO BY NICK SMIRNOFF

Dinner is served Monday, Tuesday, Thursday, Friday and Saturday nights from 5pm to 8pm. For a tee-off time, call 821-5144. Private lessons are available through the PGA Golf Professional.

### **Restaurant, Lounge and Banquet Facilities**

In addition to the Mulligan Room (described above), the newly renovated "Oaks" Restaurant and "state of the art" kitchen facility, offers members and guests exquisite California Cuisine including: Certified Angus Beef, fresh seafood, chicken, pork, pasta, vegetarian selections, decadent desserts and a sumptuous Sunday Champagne Brunch. BVSA member-made reservations and gate passes for guests are required (call 821-5521 for reservations). The Oak Branch Saloon and the "Oaks" Restaurant are open Wednesday thru Sunday (closed Monday and Tuesday) for dinner, libations and snacks in the Saloon. The "Oaks" is open for lunch on Saturday during the swimming pool season and a "snack window" located poolside offers snacks and beverages throughout the summer to serve those members and guests enjoying a day at the pool.

The Oak Branch Saloon features Friday and Saturday night live music, Karaoke and a variety of special activities, including line dancing, darts and sporting events on large flat screen monitors.

Catering and Banquet facilities are available to members for special events (up to 250 persons indoors) such as wedding receptions, family reunions, fundraisers and community get-togethers.

### **Tennis Courts**

Located right outside the pool area you will find our four

beautiful tennis courts. There is also a pro-shop and pavilion for your convenience. We have tournaments, lessons, and clinics for all ages. Call 821-6523 for more information.

### **Equestrian Center**

The Equestrian Center is located at 26800 Bear Valley Road. The center houses a rodeo size arena, a covered arena (the Milano Arena), several corrals, 36 stables, and meeting room with a small kitchen. We provide horse boarding, lessons and other fun activities. Let's not forget the 50 miles of horse/walking trails spread throughout the valley. Call 821-3960 for more information.

### **Whiting Center**

The Whiting Center is located at 29940 Bear Valley Road. This is a recreation center for the entire family. Children under the age of 9, must be accompanied by an adult. We have a fitness room, locker rooms, sauna, Jacuzzi, showers & basketball court, arts & crafts room, a game room, and a preschool. There are many organized activities to get involved in. Call 821-6641 for more information.

### **Campgrounds & Lakes**

Campgrounds are located behind the Equestrian Center, Whiting Center, and Water Canyon at the higher elevation. We have a dumpsite for your RV's, showers, restrooms, and beautiful campsites. Call 661-821-CAMP to make reservations. Bear Valley Springs has two stocked lakes for your fishing pleasure, Cub Lake and 4 Island Lake. Plenty of BBQ grills and picnic tables are available for your enjoyment. BVSA fishing licenses are required and can be obtained at the Whiting Center.

## Shooting Range / Archery Range

Located 12 miles up Deertrail Drive, you will need to pick-up a key at the Whiting Center. We have targets setup, tournaments, skeet shooting, and much more. Our Range Master is at the range every Saturday from 9am till 5pm, weather permitting. Call the Whiting Center, 821-6641 for more information.

## STALLION SPRINGS

Deep in the Cummings Valley is the welcoming community of Stallion Springs. This residential destination of 2,800 people offers breathtaking vistas, mountain breezes and quiet ambiance. Housing opportunities run the gamut from private condos to spacious homes. There's a choice for every budget, every lifestyle, every family.

Although just a twenty-minute drive from Tehachapi, Stallion Springs offers outdoor options making you feel a world apart. Equestrian Trails lend themselves to long afternoon rides. Walking paths and bike trails connect residents to breathtaking scenery. Community parks, a fishing lake and a narrative trail define some of the outdoor opportunities available to visitors and residents alike. Golfers shouldn't miss the 18-hole golf course at Horse Thief Country Club either. Challenging and beautiful, Horse Thief is a historic local treasure.

Stallion Springs is also home to Woodward West Extreme Sports Camp. Athletes, from around the world, take part in the excitement offered by this renowned athletic offering. There are a few restaurant options, a small market, hair salon, gas station and real estate office to provide the residents with the commercial necessities of a laid-back lifestyle.

Stallion Springs is governed by a five-member Community Services District Board of Directors. Under their leadership we have improved community facilities to include a state-of-the-art Police Department and Administrative Building, a community-friendly Gymnasium/Multi- Purpose Center and a highly used community swimming pool.

The District provides police services, park and recreational options, road repair and maintenance, water and sewer services. The County of Kern provides fire protection service. We take pride

in offering quality service in the most efficient, economical, reliable manner possible.

The Recreation Department sponsors a variety of community activities. The Chilly Dip, Oktoberfest, Trunk or Treat, Breakfast with Santa, Community Christmas Caroling, Turkey Trot, Color Runs, Skate Nights, and Float & Flicks are among the many family fun activities offered in Stallion.

District activities are funded through property tax revenues; assessments; participant fees; water, sewer and trash billings. The goal of every Stallion Springs' program is to enhance the quality of life to create a quality community.

For more information on this slice of heaven, contact the Stallion Springs Community Service District at 661-822-3268 or check out our website at [www.mysscsd.com](http://www.mysscsd.com).

## GOLDEN HILLS COMMUNITY SERVICES DISTRICT

Established in 1966, the Golden Hills Community Services District is dedicated to the community it serves. In addition to providing nearly 8,300 Golden Hills' residents with clean, drinkable water, the five-member, elected Board of Directors seeks to enhance the quality of life by providing services above and beyond...

- The Golden Hills Community Services District (GHCSD) constantly monitors water capacity and water quality to provide customers with an excellent, consistent source of water.
- GHCSD sponsors quarterly Large Item Waste Collection Events at the District Office Complex. This community outreach provides residents with an easy way to clean up property. In conjunction with the collection events, volunteers scour the roadways and alleys of Golden Hills collecting illegally dumped garbage. This program has helped beautify Golden Hills.

- GHCSD works closely with the Kern County Fire Department and the Greater Tehachapi Fire Safe Council to create operational fire suppression water dip sites throughout the District. The CSD encourages fire safe lot clean up, and supports "Chipper Days" as an additional service to residents.

- Mosquito-borne disease continues to be of concern and GHCSD maintains a supply of mosquito fish, offering them free to the public. Residents can place the guppy-like swimmers in horse troughs and ponds to abate mosquitoes.

- The CSD reviews and approves septic and building plans to maintain the high level of architectural control over new construction. Staff also works with residents to enforce the covenants, conditions and restrictions (CC&R's) for the District.

- The GHCSD will continue to support community improvement projects i.e. the highly successful Red Apple Road project, the anticipated federally-funded Pedestrian/ Bike Trail and ongoing efforts to improve the park system within Golden Hills.

The future is golden for Golden Hills' residents. The GHCSD Board will continue to access all available resources – in the ongoing mission to make our home the very best it can be.

Board meetings are held the second Thursday of each month in the District Office at 6:30 pm. The public is welcome and encouraged to attend.

Located at 21415 Reeves Street on the southwest corner of Reeves St. and Red Apple Rd. Tele (661) 822-3064 Fax (661) 822-8284 Mailing Address P.O. Box 637 Tehachapi, CA 93581-0637 E-Mail [GHCSD@bak.rr.com](mailto:GHCSD@bak.rr.com) Website: [www.goldenhillscsd.com](http://www.goldenhillscsd.com)

## ALPINE FOREST PARK

Alpine Forest is located about seven miles West and South of Tehachapi and encompasses 5,000 acres in the Tehachapi mountains at elevations from 4,600 to 6,000 feet.

There are approximately 1,000 billable lots in five different tracts ranging in size from a quarter acre all the way up to 11 acres in size. Tract 3423 has water provided by the Alpine Forest Park Mutual Water Company while the other four require wells on the property owner's lots.

There are approximately 200 existing homes in Alpine Forest, most of which are occupied year round. They are reachable via thirty miles of semi-private roads which are maintained by the Association.

The Alpine Forest Park Property Owners' Association (AFPPOA) was established as a not for profit corporation in 1970 and is comprised of five volunteer Board members who are elected annually. The Association has one full time employee (maintenance) and seven part time employees including an office manager and six security personnel. The annual budget of the Association is approximately \$378,700 and each lot is assessed \$350 a year.

The Board meets monthly on the Third Saturday of the month and members are urged to attend. The Annual Meeting is held in June followed by a well-attended BBQ.

Schools: Elementary students attend Cummings Valley and

Junior and Senior High School Students go to Tehachapi.

Wildlife is abundant in Alpine Forest and residents and visitors often see mountain lions, bears, bobcats, coyotes, raccoons, and wild boar and hunting is not allowed. Of course there are also rattle snakes and plenty of "good" snakes and a glance upwards will often let you see condors, eagles, hawks and many smaller birds that frequent the area.

## MOUNTAIN MEADOWS COMMUNITY SERVICE DISTRICT

The Mountain Meadows Community Service District was formed in 1970, with a three-person board, by the Kern County Board of Supervisors to maintain the roads within the Mountain Meadows Community. It functioned this way until 1987 when the board members all resigned, as they were unable to obtain liability insurance for the District. In July 1991 the district reformed and became responsible for their own function once again. The district maintains (27) miles of roadways, drop inlets (drainage) and street signs. Formed with 3 elected board of directors, general manager and 7 seasonal part time employees. The office operates 3 days a week (Tuesday, Wednesday, Thursday) from 8-12 pm and 1-4 pm. The Board meets on the 3rd Wednesday of each month located at 17980 Highline Road in Tehachapi at 6 pm.

## Climate

Tehachapi has been fittingly referred to as the "Land of Four Seasons". The winters are cool and snowfall is typically light. Mother Nature announces spring with an impressive display of poppies, lupines and other wild flowers. Summers are warm and dry and in autumn, leaves change color as the temperature begins to drop. Its world famous wind resource is seldom calm and peaks from February to July. The area wind farms and glider port are just a few ways to harvest the wind.

## Skylark North

**H**ave you ever dreamed of soaring gracefully with the birds, the silence broken only by the sound of the wind? Skylark North can help you fulfill that dream.

Mountain Valley Airport, a privately-owned public use airport, is one of the premier soaring sites in the world. Sailplanes have been a common sight in Tehachapi since 1961 when Fred and Goldie Harris opened the Holiday Haven Soaring School. The phenomenal lift conditions generated by the Sierra Nevada Mountains to the north, the Tehachapi Mountains to the south, and the Mojave Desert to the east, have produced countless world-record flights.

Skylark North is a world-renown sailplane flight school, in residence at Mountain Valley Airport since 1979. In that time, thousands of pilots have earned their wings here in Tehachapi. Skylark North offers scenic rides, sailplane flight training and services to private sailplane owners/pilots from around the world. The schools professional staff and concern for safety is known world wide. In addition to the numerous television shows, movies and commercials which have been produced at Mountain Valley Airport, Skylark North has on-going flight training contracts with the US Air Force Test Pilot School, the National Test Pilot School, Scaled Composites, Virgin Galactic and Lockheed-Martin. Skylark North also works closely with NASA and Scaled Composites on various aviation projects.

Mountain Valley Airport is also home to the Raven's Nest Sandwich Shop, open daily from 8-5; and Mountain Valley RV park which has 27 sites with hookups, a sanitary dump station, restroom and shower facilities.

Skylark North is open six days a week, closed Tuesdays. Whether you are new to the sport, ready to take your first glider flight or an experienced glider pilot looking for world famous soaring conditions, Skylark North is the place for you. And, if you don't want to fly and just prefer to sample great food or sit under a tree and watch, you are always welcome!

# Tehachapi Unified School District

**T**he Tehachapi Unified School District encompasses an area of 525 square miles and offers an excellent and diverse educational program to students living within the greater Tehachapi area. The District serves approximately 4,000 students in transitional-kindergarten through grade twelve.

The district operates three elementary schools, one middle school, one comprehensive high school, and one alternative education site with a home-based independent study program and adult education. Tehachapi is well known for its diverse and excellent academic and athletic programs.

Tehachapi High School (THS) serves students in

grades 9-12 in the Tehachapi area. Our high school was named a California Distinguished High School in 2009. THS offers a comprehensive educational program as well as co-curricular and extra-curricular opportunities. THS is known for outstanding sports and cheerleading teams, a nationally awarded Robotics program, Safe School Ambassadors, and many other student activities and events. The Career Technical Education (CTE) department has many articulated courses for students to receive college credit. The CTE program provides a variety of "hands-on" experiences through woodshop, home economics, child development, business, health careers, wind turbines, and criminal science

courses. THS also offers concurrent enrollment with Cerro Coso Community College, enabling students to earn college credit while fulfilling high school graduation requirements.

Jacobsen Middle School approximately 900 students and consists of a sixth, seventh and eighth grade program. The school involves staff, students, and the community in maintaining a safe, positive environment which encourages each student's potential for excellence by providing a curriculum that promotes respect, responsibility, social development and academic skills. The school offers a number of extracurricular activities, including sports teams, and an award winning Science Olympiad team.

All Tehachapi Unified School District elementary schools offer an articulated educational curriculum, which provides students with a solid foundation to prepare them for middle and high school experiences. Elementary students can participate in Robotics and computer coding, music, an Oral Language Festival, as well as many other extracurricular activities and community service projects.

Monroe is the District model Continuation High School. Students are provided individual support and guidance. Monroe's goal is to prepare students for the next phase of learning in their lives: military service, vocational training, work experience, or higher education. The Monroe program is located on the THS campus. The District also offers an Adult Education program for those adults seeking to obtain their high school diploma.

The Tehachapi Independent Learning Academy (TILA) offers

curriculum support for parents who choose to home school their children. The District's highly qualified, certificated staff assists parents in providing instructional support, district curriculum, and assessments to ensure student learning is maximized at home.

The commitment by the Tehachapi Unified School District Governing Board, Administration, teachers and the entire school community, ensures that Tehachapi Unified School District graduates will be academically prepared and technologically ready for the challenges of college, career, or military service.

# Tehachapi Valley Recreation & Park District

## Park Descriptions

Tehachapi Valley Recreation & Park District (TVRPD) maintains 116 acres of parks and five facilities throughout the Tehachapi Valley. Our District also offers a vast variety of recreational and leisure programs for all ages. From tots to seniors, we have a class, program, run, event or sport for you.

We are proud of the positive impact we have on the Tehachapi Community. From programs to parks, we are the leading recreation and park provider in our amazing community. Along with the great recreation and parks we provide, we are doing more to enhance the quality of life in the Tehachapi Valley. Check out all the improvements happening around the District.

We feel a responsibility to inspire people to learn why a quality parks and recreation system is fundamental to youth development, active living, neighborhoods, families, community events and economic development. Most of all, we want to inspire you to get out and enjoy the opportunities we offer. Play up. Live up.

## Philip Marx Central Park

Located at Mojave and "E" street near downtown Tehachapi, Central Park is the flagship park of TVRPD. This 4.68-acre park is home to multiple events throughout the year including the Mountain Festival, 4th of July Hot Dog Festival, Relay for Life, Go Native, multiple 5K races and the Music in the Park summer series. The Central park playground received a small facelift in early 2017. Park patrons will find state of the art play equipment by Miracle Play Systems and the German company Berliner. The Steven Shy Activity Center (SSAC), restrooms and Gazebo are also located at Central Park. SSAC is home to the Tehachapi Tots program.

## West Park

This 13-acre park is located at 490 West D Street. West Park consists of three baseball fields, two softball fields, two playgrounds, outdoor basketball court, restrooms, a pavilion and the TVRPD District Office. West Park is home to Tehachapi Little League February through July each year.

PHOTO BY NICK SMIRNOFF

## Aspen Builders Inc. Activity Center

The newly renamed and renovated Aspen Builders Inc. Activity Center (ABIAC) reopened in February of 2017. The \$300,000 renovation updated the thirty-five-year-old facility with a new floor, LED lighting, new paint, new drinking fountain, parking lot paving and adjustable main basketball hoops. This was accomplished due to the \$101,000 donation by Aspen Builders Inc., \$10,000 donation by Lehigh and \$5,000 donations from the City of Tehachapi, Sail Thru Car Wash, McDonalds of Tehachapi and RST Cranes. ABIAC is home to all youth and adult indoor sports, community events and is available to rent for wedding receptions, conventions and fundraisers.

## Ollie Mountain Skate Park

The 11,000-square foot facility is located between the Aspen Builders Inc. Activity Center and West Park. Skateboards, inline skates, scooters and bikes are allowed.

## Dye Natatorium

Dye Natatorium, built in 1958 is a

seasonal indoor pool facility located on the Jacobson Middle School campus at 400-B South Synder. The Dye consists of a heated, 25 yard, six lane pool complete with showers, changing rooms, restrooms, and private yard. It is home to TVRPD Red Cross Lifeguarding and Jr. Lifeguard certifications, Red Cross Learn to Swim program, water aerobics, lap swim and summer recreational swim. Both the THS and Barracuda Swim teams call the Dye home during their respective seasons. Dye Natatorium is a great place to host and celebrate birthday parties, graduations, or other special occasions. Dye Natatorium has gone through extensive upgrades and renovations since 2013 of over \$275,000 including a UV filtration system, new roof, ADA upgrades, new ceiling insulation and vapor barrier.

## Meadowbrook Park

This 8-acre park sits in the community of Golden Hills at 21750 Westwood Blvd. The "new" Meadowbrook Park opened to the public in October, 2016 after undergoing a \$650,000 improvement project. Meadowbrook consists of two playgrounds, exercise equipment, swings, a large pavilion,

dog park, Bike Pump Track, softball field, restrooms and open grassy areas.

## Meadowbrook Dog Park

The newly constructed Dog park consists of two grassy areas, one for large dogs and one for dogs under 30 pounds. Both areas have drinking fountains, open space for running and agility equipment to keep our furry friends entertained. Park of the dog park construction was funded by TVRPD winning the small community division of the Pet Safe Bark for your Park competition in 2014.

## Bike Pump Track

The pump track, located at the far North end of Meadowbrook Park, was developed through a collaborative partnership between TVRPD, Tehachapi Mountain Trails Association (TMTA), City of Tehachapi and the Golden Hills Community Services District. The track is maintained by TMTA. The pump track is a continuous loop that can be ridden on a bike without pedaling. Tracks consists of a series of rolling bumps (rollers) and banked corners (berms) that allow the rider to gain momentum.

## Brite Lake Recreation Area

Brite Lake is a 90-acre property owned by the Tehachapi Cummings Community Water District (TCCD). TCCD operates the lake as an irrigation reservoir that services the many agriculture endeavors in the Tehachapi Valley. TVRPD manages the campgrounds, three pavilions and disc golf course. The recreation area offers both RV campground hook-ups and tent sites, as well as restrooms. Sites are reserved on a first-come, first-serve basis. The park has a \$5.00 entrance fee per vehicle. RV and tent campsite pricing can be found at [tvrd.org](http://tvrd.org).

## Undeveloped Properties

**Elijah Morris Memorial Park** – 20 acres located south of Tehachapi High School on Dennison Road.

**Jamison Mountain Park** – 60 acres located approximately one mile North of State Highway 58 in the Capital Hills area of Tehachapi. This open range land was donated to TVRPD by the Monolith Cement Plant in 1963.

For more information or to register for our events, programs and sports, visit [tvrd.org](http://tvrd.org). Play up. Live up.

# Referral Directory

## How to use this directory

For your convenience, this Business Referral Directory is divided into two sections:

1. The membership roster section lists the business names by alphabet, along with the page number of the category listing.
2. The referral guide categorical listings section is divided alphabetically by classification. Listed here are the business names, contract names, addressees, phone, fax and reference to any advertisement throughout the directory.

Promote Up. Join Up. Move Up.

Our friendly staff at Kaiser Permanente's Tehachapi Medical Offices are dedicated to your good health by providing personalized onsite primary care, access to speciality physicians and lab services.

Our electronic medical record system allows our providers to securely share information throughout our organization so you have access to world-class care without leaving town.

Our mobile app puts multiple care options in the palm of your hand.

Stop by and learn how we can care for you close to home.

# Made for more fun

**“I couldn’t have asked for anything better. They were always asking questions, caring and attentive.”**

**– Adventist Health Tehachapi Valley patient**

You were made for more. More playtime. More laughs. More new memories. That’s why Adventist Health Tehachapi Valley offers both the latest safety standards and the highest-quality care from our team of experts. Every doctor, nurse and medical technician is chosen not only for their clinical excellence, but for their compassion. We work as a team to make sure you’re treated like family, so you can quickly and safely get back to doing everything you love.

**Learn more about the top-quality care available right here in Tehachapi Valley: [AdventistHealthTehachapiValley.org/Quality](http://AdventistHealthTehachapiValley.org/Quality)**
